

Executor::Executor

```
graph LR; A[Executor::Executor] --> B[Executor::execute_time]
```

The diagram illustrates a call to the `execute_time` method from the `Executor` constructor. A white rectangular box on the left contains the text `Executor::Executor`. A dark blue arrow points from the right side of this box to a gray rectangular box on the right, which contains the text `Executor::execute_time`. Both boxes have a black border.

Executor::execute_time
